

EDGE ROUNDING MACHINE

FOR FLEXIBLE PU FOAM

The table is adjustable in height with respect to the blade.

Integrated electric panel with push button station.

The edge rounding machines from ASE are designed to round off the edges of a cushion to convert it into a pillow.

All the four sides are cut one by one to get a pillow. The cutting is done by an endless band knife which is totally enclosed in the machine body except at the point of operation.

Pillows of 70 to 100mm may be cut on the same machine.

MAIN FEATURES :

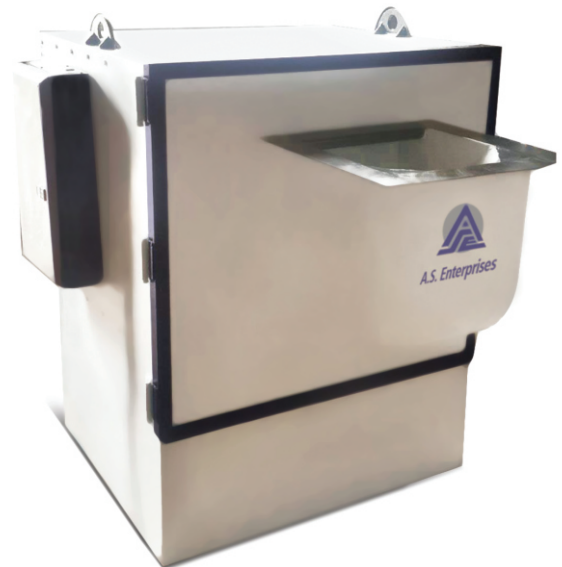

- High quality finished product with smooth cutting surface.
- Fast – 700 to 1000 pillows per 8 hr shift
- Safe, the blade is protected.
- Space required : 2.5 meter x 1.5 meter
- Power required : 2.0 hp

SHREDDING MACHINE

FOR FLEXIBLE PU FOAM

Uses a 25 or 40hp motor to shred waste foam material into shreds of sizes 10mm to 25mm

This comes as ready to use machine complete with motor & starter. The shred size can be changed by changing sieve disc.
